CEMETERY COMMISSION

The voters of Grantham present at the March 12, 1985 Town Meeting unanimously accepted Articles 4 and 5 related to appropriation of funds in the amounts of \$2,000. and \$1,500. for care and maintenance, restoration and preservation of cemeteries and authorized the Selectmen to appoint a Cemetery Commission to oversee the same.

At the June 26, 1985 meeting of Selectmen the following persons were appointed as a Cemetery Commission:

Dennis Howard - Convener, Connie Howard - Clerk or Recorder, Alfred Holmes, Joey Holmes, Patricia Stier, Paul Franklin to serve as liason for Selectmen, Kenneth O. Barton as an ex-officio member.

The Commission was informed that maintenance work in cemeteries is performed by the Town Custodian under direction of selectman Ron Shepherd.

At a later meeting, the Selectmen appointed three Cemetery Trustees in accordance with information obtained from the Attorney General's Office and the Municipal Services Division.(RSA 289:7). The Trustees appointed are:

Alfred Holmes for a term of one year (March 1986)  
Joey Holmes for a term of two years (March 1987)  
Dennis Howard for a term of three years (March 1988)

The Trustees hereafter to be elected by vote at Town Meeting on a rotating basis.

(Election of one Cemetery Trustee for a 3-year term at the March 1986 Town Meeting.) Only Cemetery Trustees are empowered to receive and expend the funds which come from the Town Budget, gifts and Perpetual Care Funds held by the Trustees of Trust Funds in accordance with instructions attached. A bookkeeper is elected by the Trustees from among their number. Dennis was elected for 1985. A report of the financial activity appears elsewhere.

Research of old records reveals that at least one Perpetual Care Fund stipulates that income from the fund which is not needed to maintain the family lot in Dunbar Hill Cemetery is to be spent annually for upkeep of that cemetery. Income from sale of lots in the Grantham Memorial Cemetery is designated for the upkeep of that cemetery. Some \$3,700. had been invested as of December 31, 1984. The Trustees plan to make arrangements with Trustees of Trust Funds to receive the income from these funds annually. Previously accumulated income prior to 1985 will be applied toward the 1986 Cemetery Budget.

The new Cemetery Commission and Cemetery Trustees met twice to discuss their duties and attempted to make improvements. Some of the restoration work was delayed due to hospitalization of two members.

The Commission joined the New Hampshire Old Graveyard Association (NHOGA) and has received very helpful information from it. Dennis attended their fall meeting held in Jefferson, NH.

A promise has been received from a sandblaster to repair the eighteen broken gravestones in the Dunbar Hill and Hill Dale Cemeteries in the spring. Plans are under-way to identify unmarked graves. A solution to prevent sod from covering groundlevel markers is being sought. An attempt will be made to permanently remove the poplar saplings from the Hill Dale Cemetery. Brush and overhanging branches were cleared from around the Cemetery in the fall. Lime and fertilizer were spread on a portion of this Cemetery. Suggestions, contributions, volunteer/paid workers, would be welcome at anytime for further improvements to our nine cemeteries.

The Commission recommends acceptance of the following:

#### **Cemetery Regulations**

1. Spring placement of floral pieces, plants, etc. during the week previous to Memorial Day or later.
2. Removal of all containers and floral pieces by October 15. Those not removed will be disposed of.
3. Notice of these regulations to be posted in the newspaper annually.

#### **Memorial Cemetery Regulations:**

1. Lots are \$100.00 per plot.
2. Available for Grantham residents or prior residents and their spouses.
3. Lots to be sold in rotation.
4. Require a cement vault, unless by cremation, then burial would be by urn only.
5. No above ground markers.
6. Proceeds from the sale of lots to go into a single trust fund for the upkeep of the cemetery.

An appropriate Dedication Ceremony will be held in 1986 in recognition of the Stone Wall at the Memorial Cemetery which has been given by the children of Mr. and Mrs. Donas Reney. The Commission deeply appreciates this gift. Grading and ditching has been completed and loam and grass will be planted as soon as weather permits.

We would like to express our appreciation to the families who have made extensive improvements to their lots. We hope to be able to accept the offers of help with the Mountain and Leavitt Hill Cemeteries in 1986.

Our sincere thanks to Paul Franklin for his cooperation and expertise which has been so helpful in getting the Commission and Trustees on track. Thanks, too, to the Selectmen for their confidence and cooperation.

Several changes affecting the Dunbar Free Library transpired during the year 1985. The following are noteworthy:

1. Linda Moore relocated to South Carolina after serving the town library faithfully and assiduously over a ten-year period. Townspeople expressed their gratitude to Linda by holding a reception in her honor and awarding her a gift.

2. Mrs. Moore was replaced by Louise Mooney, a resident of Eastman, who had retired as a professional librarian and teacher after a long and rewarding career in Connecticut and New York State schools.

3. The new library Board of Trustees, composed of Kyle Wing, Doris Spencer and Joey Holmes chose Mr. Wing as chairperson.

4. A new charging desk has been installed in the library, helping to create a new ambience. With carefully selected posters, art works and plants, the atmosphere now exudes the vibrance of a living library.

5. The \$5000 appropriation from revenue sharing has been completely expended. The funds were used to purchase greatly needed reference materials.

6. The library now subscribes to several magazines which were ordered in an effort to meet the needs and tastes of Grantham residents. Suggestions for additional subscriptions are welcome and additions will be made based on requests. Presently, the librarian is shopping for a magazine rack. Since space is at a premium in the library, the design of the rack is a major consideration.

Adequate space is a problem faced by every library eventually and the Dunbar Free Library has reached that eventuality. The racks of children's books are overflowing, shelves holding adult books are crowded. Periodic judicious weeding alleviates the problem somewhat, but since weeding has been done within the past two years, it would be unwise to repeat the process so soon. With the growing population in Grantham and, correspondingly, an increase in library use, expansion is an item that must be addressed by the town administration in the near future.

It has been my pleasant experience as a librarian to continually encounter a generous sharing spirit among libraries and I have discovered libraries in New Hampshire are no exception. The New Hampshire State Library in Concord offers tremendous support as do the libraries in nearby towns. This is most gratifying.

Library hours remain as they have been: Monday 9-12; Wednesday 9-12, 2-4:30, 6:30-8:30; Saturday 9-12. Story time for pre-schoolers is held every Wednesday at 10:30. Since the summer months bring a tremendous influx of borrowers, it may be expedient to add extra hours for the library during July and August. Incidentally, the library is woefully lacking in volumes of the classics. Donations would be greatly appreciated.

As we move into a new year, the prime purpose of the library remains the same: to serve the people of Grantham of all ages and to bring the outside world, with all its surprises and delights, to the shelves of our library. We shall continue to pursue these goals.

Respectfully submitted,  
*Louise Mooney,*  
 Librarian

## GRANTHAM VOLUNTEER FIRE DEPARTMENT

In February of 1986 the Grantham Volunteer Firefighters Association purchased a Hurst rescue tool, commonly called the "Jaws of Life" for the sum of \$8,500.00. This is an important basic rescue tool and will be used mainly for auto extrication at accident scenes which will benefit Grantham and the neighboring towns in the Mutual Aid system.

The funds to buy the "Jaws of Life" were raised by the auctions held yearly by the Grantham Volunteer Firefighters Association. The members of the Association would like to thank everyone who has contributed in any way to these auctions and hope you will continue to show your support.

Sincerely,  
*Members of the Grantham  
 Volunteer Firefighters Assn.*

During 1985, the Grantham Volunteer Fire Department has recruited five new members who are currently in training to pass Level 1 (one) of the N.H. Certified Firefighters Course. These new members are scheduled to become certified by the end of May 1986. Current and new members of the Grantham Volunteer Fire Department will also be training on the "Jaws of Life," thereby achieving a higher level of expertise in rescue techniques.

Also in 1985, due to the Town of Grantham's growth and expected continued growth, the Grantham Volunteer Fire Department bought a new Pierce fire engine which will increase firefighting capabilities to better serve the Town.

The goal of the Grantham Volunteer Fire Department for 1986 is to continue a successful membership drive and to also upgrade training of all members.

Please remember, the Grantham Volunteer Fire Department members are your neighbors who freely offer of their time, energies and themselves to serve our community. Your continual support is appreciated.

Sincerely,  
*Members of the Grantham Volunteer  
 Fire Department*

## GRANTHAM PLANNING BOARD

The Grantham Planning Board addressed a variety of issues during 1985. There were a total of fifteen meetings held, twelve of which included public hearings or continuations of public hearings. The board approved five major subdivision, (South Cove Section IV, Beaver Falls Sections II and III, Olde Farms Section II, and Blue Mountain Meadows), imposing conditions and requiring performance bonds when necessary. Two minor subdivisions (South Shore Section II and Chas. Moore's) were also approved.

With the assistance of the Upper Valley Lake Sunapee Council (funded by the town at last year's meeting) and many interested townspeople, the Grantham Master Plan was updated, and finally adopted on December 19, 1985. Copies are available for consultation in the library and (or for purchase) in the Town Office. The board is currently in the process of updating the subdivision regulations as per state requirement. Public hearings were started in December and will continue until the proposed regulations have been completely considered and revised.

The Planning Board wishes to express its gratitude to all who have participated in the Master Plan and Subdivision Regulation update, and to those who have indicated their support and interest in the town's welfare through their attendance at the monthly meetings and public hearings.

### YOUTH SPORTS PROGRAM

In 1985 Youth Basketball continued the winning tradition of the past few years. The 5th and 6th grade boys finished with an excellent 11-1 record. Their only loss of the season was a heavily disputed one point loss in the semi-finals of the Hanover Basketball Tournament. At this point in 1986, the same team is sporting an excellent 8-1 record with wins over Caanan, Enfield, Sunapee and New London. In the summer, a very young little league team struggled to a 2-11 season. Most of last year's team is returning and this looks to be a promising year in 1986. Our one bright spot was a dramatic 9-8 victory over the league champions the New London Yankees. Our fall soccer program fell on hard times. Despite months of searching, no coach could be found. So the program was dropped for 1985. This is a sad reminder that we need parental support for all these programs to continue.

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

A total of approximately \$5,400 worth of services were provided by Newport Area Home Health Agency to residents of the Town of Grantham.

In addition, services not separated by Towns were:

- 66 Children seen in Dental Clinics
- 250 Children seen in Well Child Clinics
- 265 People attended Blood Pressure Clinics
- 70 People were immunized at Flu Clinic

The above are the statistics for your town on Agency activities for the year 1985.

Mrs. Jean Grinold and Mrs. Susan Figley are on the Board of Trustees representing your Town. These people and Charen Urban, Administrator, will be happy to discuss any questions or concerns you may have.

## REPRESENTATIVE REPORTS

As a freshman representative from District 1, Sullivan County, and chairman of the Sullivan County Delegation, I have been on an intense learning curve for the past year. The historic advent of annual sessions has provided me a unique opportunity to put to good use what I have learned during the first year of the biennium.

The Environment and Agriculture Committee, of which I am a member, was, and is very busy wrestling with the difficult issues of hazardous waste. Although the emotionally charged problems of siting a hazardous waste disposal facility in New Hampshire was not resolved in the '85 session, we anticipate substantial movement toward resolution of the associated regulatory problems. I was able to contribute in a small way to controlling hazardous waste through an amendment to a household hazardous waste bill which would enable towns to become involved in cooperative household hazardous waste collection programs. Many of you will be voting on an article at town meeting relating to local support of this program. I also helped achieve passage of the governor's acid rain bill which puts New Hampshire in the lead in northeast regional efforts to solve the knotty acid rain problem.

I worked hard during the '85 session for the landmark educational aid distribution bill which helped our financially hard pressed school districts, and was able to obtain some additional funding for the cooperative extension forestry programs in New Hampshire counties. Although the 1985 Connecticut River Valley Authority bill fell victim to last minute House-Senate wrangling, I will again this session voice the county delegation's almost unanimous support of this very important legislation. I will also be working with state and local fire officials this year to obtain additional funds from the State's hazardous waste control fund to help equip and train local fire departments for emergency clean-up of hazardous waste spills.

My duties as chairman of the Sullivan County Delegation kept me busy throughout the year. In 1985 the delegation was able to hold the county budget (\$7.3 million) to a reasonable increase of 5%. Through its budget actions the delegation improved the Sheriff's capability to support law enforcement efforts. We were able to reduce environmental services costs by eliminating the position of County Engineer and providing additional funding to the District Soil Conservation Service. Last fall, the delegation resolved the issue of attorney services, and I have introduced legislation this session which, if passed, will result in our county having the services of a full-time county attorney in 1987. We established a productive management program for county owned woodlands and are currently examining the feasibility of discontinuing the farm dairy operation in an effort to make the county farm more responsive to county needs at less cost to the taxpayer. The delegation also supported the County Commissioners in their on-going actions to consolidate county administrative and court activities in the renovated Sullivan County Court building in Newport. In 1986 we will look further into the feasibility of hiring a professional county administrator to provide cost effective, day-to-day management of our multi-million dollar county operations.

Thank you for your confidence in electing me. I hope I can continue to serve you. Please call me (863-1928/2293) whenever you need my help.

*Merle W. Schotanus*  
N.H. General Court

The session of 1985 saw some landmark changes in the state funding of the court system, the settlement law and foundation aid to education. All of these changes were brought about as a result of interim study committees which worked diligently over the time between the '83 and '85 session to perfect these pieces of legislation. To be sure, there are still changes and refinements which are being proposed as this is written and which will be taken up in this 1986 session. The goal of all of these laws is to alleviate some of the burden on the towns and cities. It remains to be seen as to whether the counties will experience added expenses, which will, of course, be reflected in the local property tax. It could be called cost-shifting of a sort, as far as the settlement and court laws go. We are going to try to add some more money to the foundation aid this session. It was a start at least.

The 1986 session marks a real departure from the past here in New Hampshire as we are in the first of the annual sessions' mode. Already a number of Representatives have decided not to run again. It is really a lot to expect of a person to give up so much time for \$100.00 per year, plus mileage.

make 78¢ a day — hardly enough to buy lunch. I believe that we are more valuable to the state than this paltry sum. Yet the notion of the "citizen" legislature plays out so strongly that there is little chance of bettering the situation. It seems to me that Maine and Vermont, with a smaller body of lawmakers and a decent recompense, do as well as we do in the arena of making laws. Indeed, we sometimes copy theirs!

By having annual sessions, we were able to enact a bill to do away with the snack tax rule on the very first day, as well as to handle a couple of other emergencies which had arisen. Also, we had a cut-off date for all legislation to be submitted (October 5) enabling the legislative drafters to have all bills ready and printed the very first day. Also, all the committee chairmen have set up hearings on their entire workload of bills so that we can plan our time very well. This cannot happen the first year of the sessions unless we think of some way to get a cut-off date which would not discriminate against the newcomers.

I am very honored to have been named to the National committee to study the "Future of Public Health" under the National Academy of Sciences Institute of Medicine. This will be a two year study and it involves some very noted folks in this field. Kellogg Foundation is sponsoring it. I am very interested in where we shall go with public health in terms of the emerging social and environmental problems. If any of you have thoughts as to what a department of health at the local, state and national level ought to look like and do, let me know. We have gotten far beyond immunization and sanitation control which used to comprise much of their job.

As usual, I thank you all for your wonderful support in the last election. I am always humbled by the thought that I represent all of you. Please keep in touch and let me continue to serve you.

**SULLIVAN COUNTY REGIONAL REFUSE DISPOSAL DISTRICT**  
**1985 Annual Report of Activities**

After six years of discussion and planning by your District Committee, a 200 ton per day waste-to-energy facility is now well under construction in Claremont, New Hampshire.

A revised twenty year waste disposal contract was signed with Signal Environmental Systems on April 12, 1985. The contract provides that Signal will be the owner and operator of the facility and is responsible for up to \$7.6 million in financial contributions in the form of equity or debt secured solely by Signal. An additional \$18.15 million in Industrial Revenue Bonds were sold by Signal through the New Hampshire Industrial Development Authority on August 12, 1985.

Clark-Kenith, Inc. began construction of the facility for Signal during May 1985. Construction is expected to be completed during the Spring of 1987, at which time the District municipalities must begin delivering waste to the facility.

Hydrogeologic modeling for the 78 acre ash disposal site in Newport is now complete and engineering and permit applications will begin early in 1986. The ash disposal site must also be in operation by the Spring of 1987. Funds for construction are included in Signal's bond issue even though the ash disposal site is owned by the District.

The New Hampshire Air Resources Commission is in the final stage of adopting hydrogen chloride emission standards for the facility. This will necessitate some changes in the design of the air pollution control system and an increase in the disposal fee paid to Signal. Negotiations are underway with Signal to determine the appropriate control system and costs.

During 1986 the District will be working on development of a recycling system which may be fully utilized by member municipalities. A full-time recycling manager is included in the budget for 1986.

The District will also be working with the member municipalities to assist them in the development of a transportation system necessary to deliver waste to the facility when it becomes operational.

If individuals have questions concerning any aspect of the Project, they should not hesitate to contact their District Committee member or the Project office at (603) 543-1201.

*Theodore R. Siegler*, Project Manager

**G1-1100-561-20/30 Area Tuition - LJHS and LHS**

1985-86 tuition rates: Set in accordance with the AREA (Authorized Regional Enrollment Area) Agreement, revised March 1, 1983:

LJHS \$3,105 x 13 students = \$ 40,365.00

LHS \$2,905 x 41 students = \$ 119,105.00

TOTAL \$ 159,470.00

Tuition rates are based on the estimated per pupil cost determined from the approved budget (MS-22) and actual enrollment on October 1 for the year immediately preceding that for which the charge is being made plus an adjustment of one-half the average difference in per pupil cost for the two years preceding.

1986-87 Tuition Rates:

**G1-1200-112-00 to G1-1291-390-00 Special Education**

The estimated cost of educating all handicapped children in 1986-87 is \$23,316.

**G1-1200-112-00 Special Education Teacher**

Enough children have been identified as needing special services through an educational plan that the special education administration has recommended that this position be increased from 9 hours a week to half-time (approximately 16 hours a week).

**G1-1290-330-00 Private Assessment**

Testing of students who are suspected of being handicapped sometimes requires a specialization which exceeds the qualifications of anyone on staff. In these instances, an outside agency is contracted.

**G1-1290-331-00 Speech Therapy**

Provides speech therapy to three children.

\$14.00/hour x 5 hours/week x 36 weeks = \$2,520.00

**G1-1290-334-00 Psychological Services**

The services of a psychologist are required to comply with state and federal laws for the handicapped. The school psychologist works four days a week and each of the districts in SAU #32 (Mascoma Valley, Lebanon, Plainfield and Grantham) contributes to his salary in proportion to the number of handicapped students in each district as of October 1, 1985. Employing our own psychologist and S.A.I.F. continues to be more effective and less costly than contracting one on an hourly basis with a private agency for these services.

**G1-1290-561/569-30 Special Education Tuition**

At the present time, one child has been identified as needing an out-of-district placement at the elementary level. Because of the high cost of out-of-district placements and because we continue to be responsible for elementary, junior high and high school special needs students, it is recommended that we continue to plan for this possibility by including an anticipated amount in the budget.

**G1-1291-111/390-00 SAU #32 Special Education Center**

Grantham's proportionate share of the cost of running the Special Education Center, based on its number of handicapped children, is \$740.00.

**G1-1400-880-00 Student Activities**

Graduation, Holiday programs and swimming.

**G1-2114-360/370-00 School Census**

Required every other year. Will not be required in 1986-87.

**G1-2125-370-00 Testing Services**

**G1-2552-116-00 Salary, Bus Drivers**

Plan to have two routes and two drivers next year to accommodate the lengthened day at the High School (and Jr. High). We will use two drivers approximately 4 hours each day.

	\$7.50 per hour x 8 hours x 180 days =	\$ 10,800.00
	\$7.50 per hour x 12 hours training =	90.00
	(6 hours each)	
Driver 1	\$7.50 per/hr. x 6 sick days x 4 hrs. =	180.00
Driver 2	\$7.50 per/hr. x 6 sick days x 4 hours =	180.00
	Total	\$ 11,250.00

Because bus drivers will be part-time they will not receive medical/health benefits.

**G1-2552-452-00 Annual Leasing Charges**

Bus #1 (Diesel):

1982-83 \$ 9,800.00

1983-84 \$12,000.00

1984-85 \$14,200.00

1985-86 \$14,910.00

\*1986-87 \$15,665.00 - \$1,500.00 = \$14,165.00

Bus #2 (Gasoline):

1 year contract \$10,370.00

Total Buses — \$24,535.00

**G1-2552-610-00 Fuel**

Based on previous year usage plus 10% increase = \$3,900.00 (2 buses)

**G1-2554-116-00 Bus Driver Salary - Field Trips**
